

# Rates Changes Coming November 1

## Time-Of-Use

**Weekend & Statutory Holidays**  
(ALL YEAR)

**Weekday Winter**  
(November 1 to April 30)

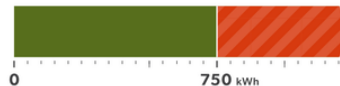

## Tiered

**Residential Winter**  
(November 1 to April 30)

**Small Business**  
(ALL YEAR)

**Reminder:** Time-of-Use and Tiered rate plans switch to winter time-of-use hours and thresholds on November 1.

The Ontario Energy Board (OEB) sets electricity prices for Time-of-Use (TOU), Tiered, and Ultra-Low Overnight (ULO) rate plans once a year on November 1.

Rates are expected to be announced in late October. Once available, updated rates will be posted at [entegrus.com/rates](https://entegrus.com/rates).

# Choose the price plan that's right for you

Entegrus offers three types of price plans to residential and small business customers.

## Time-Of-Use

Rates vary based on time and day of your usage (off-peak, mid-peak & on-peak).

## Tiered

Lower rate until you reach a set usage threshold, after that you move to the higher rate.

## Ultra-Low Overnight

Four rate periods, with ultra-low rate overnight being the lowest between 11 pm - 7 am.

Not sure which plan is right for you, use our rate plan comparison tool in My Account to compare the different plans using your own personal consumption data. If you choose to change plans, it's as easy as two clicks!
